Subject: Nominations for Type 3 Incident Management Teams for 2010

Please find the attached form for submitting nominations for the Nevada Type 3 Incident Management Team IC's, team members, trainee and alternate positions. Supervisors should approve and forward the nominations **to their respective Agency Representative of the Nevada Interagency Fire Operations Committee.**

Please have all nomination forms submitted no later than January 15, 2010.

Individual and Agency commitment to team participation is the key component in making the Nevada Interagency Type 3 Incident Management teams successful. Trainee nominations for all team positions are strongly encouraged. We are also looking for alternates who may be called upon to fill in for regular team members that cannot be available for a call-up period. Type 3 IMT call-up periods will be determined after nominations are received and the number of teams has been decided. Our goal is to again status four teams on one week call-up periods.

Nominees for positions will make a one year commitment to team participation and are expected to be available for call-out during a set rotation period. Rotation dates for 2010 are scheduled to begin May 14th and end September 30th. More information on Type 3 IMTs can be found at: <http://gacc.nifc.gov/wgbc/administrative/committees/fireops.htm>

If you have any questions, please contact Dennis Terry (chair) at (775) 861-6659 or Jeff Arnberger (co-chair) at (775) 753-0304.
